Thanks for your interest in participating in the excavation at Tall Jalul, Jordan. Please read the application instructions carefully!

**Step #1:** Consult the following chart to determine what parts of the application are essential for your application status.

	AU Faculty and staff	First time AU student	Returning AU student	First time Volunteer	Returning Volunteer
Security Form with photo	X	X	X	X	X
Copy of Passport ID page	X	X	X	X	X
Application Form part 1	X	X	X	X	X
Application Form part 2		X	X	X	X
Personal Statement		X		X	
Assumption of Risk and Hold Harmless Agreement		X	X	X	X
Code of Conduct Form		X	X	X	X
Medical Form & Insurance Card	X	X	X	X	X

**Step #2:** Complete the security form as soon as possible, and email it with your passport and photo to [hornmuseum@andrews.edu](mailto:hornmuseum@andrews.edu) or mail them to **Tall Jalul Excavation, Andrews University, 9047 US 31, Berrien Springs, MI 49104-0990**. This form **MUST** be to the Horn Archaeological Museum office by **February 1, 2017. NO EXCEPTIONS!** Even if there is only a slight possibility that you will participate in the excavation, you must submit this form. Submission of the form in no way obligates you to participate in the dig. Rather, it simply makes it possible for you to participate, should you make that decision later.

**Step #3:** Be sure to submit necessary materials on or before the date specified!

- February 1, 2017—Security form *with a passport pictures and 2 copies (or a scan) of your passport ID page*.
- March 3, 2017—All application materials for your application status (see chart) and \$500 non-refundable deposit (AU students).
- June 1, 2017—Full payment for participation in the excavation season (volunteers) or proof of financial clearance (AU students).

*Personal Statement: (For first-time applicants to this project)*

Without duplicating material given above, state in a concise narrative fashion some things about yourself which might prove useful in our evaluation of your application. Include anything about your personal history, personality, future plans, and expectations for the summer that you consider appropriate. Why are you interested in archaeology? How will the project be strengthened by your participation? What will it miss without you?

Name of applicant \_\_\_\_\_

I hereby acknowledge that I have voluntarily chosen to participate in the *Tall Jalul Excavation in Jordan* beginning on June 25 and ending on July 28, 2017 (the "Dig"). I understand and accept that there are risks involved in the Dig. I acknowledge that some of the risks inherent in the Dig include, but are not limited to: property damage and/or loss; physical exertion; illness and disease, including AIDS; minor bodily injury; severe bodily injury; an inadequate blood supply; and death. I expressly, knowingly and intelligently assume the following: all risks of travel, whether by car, bus, aircraft, boat or any other means; all risks of riot, civil disobedience, hijacking and terrorism; all risks associated with the preparation and eating of food and water; all risks of loss or destruction of personal property; and all losses whether to person, property, or money caused in whole or in part by myself or any other person or entity. As a voluntary participant in the Dig, I acknowledge the risks involved and hereby accept any and all risks, including those not specified above. I further agree that my participation in any specific phase or activity during the Dig, including the use of any equipment, will be at my own discretion and judgment based on my own experience and competence.

I acknowledge that I have read the Consular Information Sheet for Jordan (<https://travel.state.gov/content/passports/en/country/jordan.html>) that was prepared by the United States Department of State, dated \_\_\_\_\_ (the "Information Sheet"), and that I accept the risks identified in the Information Sheet. I acknowledge that I have read the Health Information for travelers to Jordan (<http://wwwn.cdc.gov/travel/destinations/jordan.aspx>) that was prepared by the National Center for Infectious Diseases, last updated \_\_\_\_\_ (the "Health Information"), and that I accept the risks identified in the Health Information. I further acknowledge and agree that I have been informed of the opportunity to purchase insurance for medically supervised air transport through the International SOS company (at [www.internationalsos.com](http://www.internationalsos.com)) and I accept responsibility for my decision to do/not do so. I further acknowledge and understand that a medical consultation is recommended to participate in the Dig and I am responsible for getting this consultation and for following all health-related recommendations made by my physician and by the University medical director.

In consideration of my participation in the Dig and to the fullest extent permitted by law, I (on behalf of myself and my family, estate heirs or assigns) agree to indemnify, defend and hold harmless the Madaba Plains Project Consortium, all its members (including Andrews University) and their trustees, officers, employees, agents, volunteers and assigns (collectively, the "Dig Organizers") from and against all claims arising out of or resulting from my participation in the Dig, except for claims arising out of the sole gross negligence or willful misconduct of the Dig Organizers. A "claim," as used in this agreement, means any claim, suit, action, damage, financial loss, or expense, including, but not limited to attorney's fees, resulting from my participation in the Dig. *I still further acknowledge and understand that world events (including but not limited to war and terrorism) may alter or cause the cancellation of the Dig and I understand and agree that I (and not the Dig Organizers) will be responsible for my portion of the financial losses caused by any such alteration or cancellation.*

I understand and agree that this agreement is intended to be as broad and inclusive as permitted by law and that if any portion is held to be invalid, I agree that the remaining portion hereof shall continue in full force and effect.

***Respecting the Beliefs and Values of Our Jordanian Hosts***

One of the Madaba Plains Project's most valued assets in Jordan is the long-standing good relationship which it has enjoyed over the years with the local Jordanians in Amman and Jordan who we interact with while in the country. While Madaba is home to many Christian families, there are also a significant number of area residents who are Muslim. This means, among other things, that they place a high value on the sanctity of the family, the purity of women, and avoidance of certain foods and beverages.

As leaders of the Madaba Plains Project, we seek to do our utmost to affirm and respect the values of our gracious hosts at the Mariam Hotel and of the surrounding community. We therefore make every effort to conduct our own personal lives in ways that are harmonious with the sensibilities of these kind people. We also expect those who join our team as volunteers, students or staff to do likewise.

To this end, everyone who chooses to participate with MPP is expected to make an earnest effort—before coming to Jordan—to learn about Muslim beliefs as they relate to these matters. In addition, all newcomers to the project are expected to take part in a cultural orientation session which will be conducted during the first few days of the dig by the directors and other veteran staff. This session will inform of and explain behaviors (appropriate and otherwise) in the local cultural context.

Your signature below will be interpreted as evidence of your commitment to conduct yourself in a manner which avoids offending our local Jordanian hosts. This assumes your taking personal responsibility for learning about what are deemed to be offensive behaviors in the local context (particularly those having to do with drinking, inappropriate dress and inappropriate behavior across lines of gender) and intentionally avoiding those behaviors throughout your participation in the Madaba Plains Project excavation.

**Core Christian Values**

By your signature, you also agree that while participating on this dig you will maintain high standards of conduct. These standards are biblically grounded values such as honesty, modesty, sexual purity, respect for others and their safety, and avoiding alcohol and other substances.

*Purpose of Medical Form:*

It protects you and MPP in that it alerts those persons who may not be medically fit for the strenuous work and difficult living conditions on the dig to reconsider their application. The form also helps our camp physician in case of problems during the project. Many people are not aware of how ailments, which are minor in an urban setting, may become significant problems in an isolated area under stressful conditions. Therefore, we ask you, *for your own protection*, as well as for our assessment, to be completely candid in filling out this form and not to leave out anything that may be pertinent, even if you think it may jeopardize your application.
